**Federal Law Claims**

- (1) 42 U.S.C. § 1983 claim;
- (2) 42 U.S.C. § 1981 claim; and
- (3) Title VI claim against Defendant Harrison County, Mississippi

### Remedial Claims

Plaintiffs seek the following relief:

1. Money Damages. Plaintiffs seek a damages award from a jury, to be determined by the jury. Plaintiffs seek compensatory damages for the harm they have suffered (including both emotional distress, economic loss, and other harms as a result of discrimination) as well as punitive damages against Defendant Hargrove.
2. Equitable Relief. Plaintiffs request that Defendants Gary Hargrove and Harrison County be enjoined from discriminating against any funeral home and its proprietor(s) because of his or her race, particularly in its decisions pursuant to MISS. CODE ANN. § 41-61-59 regarding what funeral home in Harrison County is selected for mortuary services for deaths which “affect the public interest.” Plaintiffs request an equitable Order or a consent decree implementing prospective requirements that will ensure to end any discrimination going forward and that provides a transparent method for keeping accountable the Harrison County Coroner’s Office regardless of who is the elected Coroner.

5. The basis for the court’s jurisdiction is:

Federal Question Jurisdiction, 28 U.S.C. § 1331

6. The following jurisdictional question(s) remain(s) [If none, enter “None”]:

None.

7. The following motions remain pending [If none, enter “None”] [Note: Pending motions not noted here may be deemed moot]:

- a. Plaintiffs’ Pending Motions:

- b. Defendants’ Pending Motions:

8. The parties accept the following **concise** summaries of the ultimate facts as claimed by:

- a. Plaintiffs:

There are eight licensed funeral homes in Harrison County, two who have white business owners and six have black business owners. The plaintiffs in this suit are the six black-owned funeral homes in Harrison County and their proprietors. They are family businesses, run by religious and civic leaders in the community. The defendants in this suit are the public officials who oversee the mortuary industry in Harrison County—Harrison County and the elected Coroner, Gary Hargrove.

Plaintiffs allege that the defendants have discriminated against them on account of their race when determining which funeral home performs a “removal,” and in other services where public officials are called up to determine what happens to a loved one’s remains. While there are situations in which family members select who does the removal or who will perform funeral services, this case is only about the situations where County actors make or influence that decision, including circumstances where: (1) the decedent is considered indigent, and the County pays for their services, (2) where the Coroner has determined, as part of his death investigation, that an autopsy is needed, and (3) other situations where the Coroner or his staff have released a body to a specific funeral home. In those situations, the Coroner has claimed that he uses an equal rotation system among the 8 firms for determining where to send business. The Coroner recognizes he should be fair in his treatment of the 8 firms. Unfortunately, his claim is a lie—there is no rotation system. And, the Coroner’s own files bear this out. Those files reveal that there are stark, race-based differences between the white-owned and black-owned firms. Indeed, while the Coroner has been to the white-owned firms hundreds of times a year, he rarely makes his way, if at all, to any of the black-owned funeral homes. The racial disparities are also borne out in the County’s payment records—over 95% of the County’s payments for removals have gone to the white-owned firms, even though there are only two of them, while Plaintiffs’ six remaining firms have received the short end of the stick.

Defendants do not even contend that the Coroner uses a rotation system anymore; instead pointing to other things—like coolers and autopsies—in an effort to cover up the plain racial disparities in the Coroner’s files. These things are distractions; and they have no bearing on the fact that Plaintiffs have suffered discrimination on account of race. Such discrimination has resulted in substantial harm to Plaintiffs, both economically and beyond. Plaintiffs have lost money from not being called upon to perform “removals” at the direction of the Coroner; they have suffered further economic damages by losing the downstream revenue that comes from performing removals; they have been deprived of a fair share of income that comes from cases where the Harrison County expends money on removal and cremation for the indigent; and they have suffered the substantial personal and dignitary harm that comes from pervasive discrimination on account of race. Tragically, Defendants’ discrimination against Plaintiffs continues to this day.

**b. Defendants:**

Historically, not only in Harrison County, but in the entire State of Mississippi, black families have chosen to utilize black-owned funeral homes for their loved ones’ mortuary services and white families have chosen to utilize white-owned funeral homes for their loved ones’ mortuary services. There is a clear division between whites and blacks in choosing a funeral home to provide mortuary services along racial lines in the entire State of Mississippi. This is perfectly within the bounds of the law, as under the First Amendment to the United States Constitution and the Constitution’s protection of individual liberty, private choices of citizens about where to engage in particular business transactions following the death of a loved one are not subject to regulation by the government, even when their individual choices are motivated by race. For this reason, the Equal Protection Clause does not prohibit private economic choices which are based on race, even when those choices lead to racially disparate outcomes. It is without a question that outside of limited circumstances either the decedent or the

family always selects which funeral home receives the decedent's remains. The Plaintiffs have been unable to identify any specific instances, not falling into one of the aforementioned limited circumstances, where Hargrove or his office ever sent a body to a white-owned funeral home when either the decedent, their family or any person with priority indicated they wanted the decedent be delivered to one of the Plaintiff funeral homes.

Harrison County Coroner Gary Hargrove has no authority under the law to interfere with such private economic decisions, except in the following very limited circumstances: **(1)** where an autopsy is required to assist in determining the manner of death; **(2)** a person is reasonably determined to be an indigent and a pauper's burial is required or **(3)** no one with the authority to decide how to dispose of a decedent's remains can be timely located to avoid decomposition. In all three (3) of these instances, refrigeration is required to preserve the body beyond 48 hours, as embalming without familial consent is not permitted by law. Bradford O'Keefe and Riemann's are the only two (2) funeral homes in Harrison County who possessed sufficient refrigeration capacity (combined capacity of up to 100 bodies) to handle the collective body storage demand of Harrison County from autopsies, pauper or indigent burials and in instances when no one with the authority to decide how to dispose of a decedent's remains can be timely located to avoid decomposition. In fact, prior to March 2015, the only Plaintiff funeral home that possessed any refrigeration system (if such can be called refrigeration) was J. T. Hall's and J.T. Hall's cooler only had the capacity to hold five (5) remains.

Gary Hargrove, as duly elected coroner, only has jurisdiction to investigate deaths affecting the public interest and by law he is only charged with the duty to determine the manner or cause of death. Gary Hargrove does not decide or have any authority to decide which funeral home will handle the funeral services of a decedent. In fact, Mississippi law prohibits him from doing so. Further, the Plaintiffs themselves are likewise prohibited from accepting remains from a Coroner "without having first made due inquiry as to the desires of the persons who have the legal authority to direct the disposition of the decedent's body". The location of autopsies was not decided by Gary Hargrove or any other Harrison County employee. For almost the entirety of Hargrove's tenure as Coroner, all of the autopsies performed in Harrison County were performed by forensic pathologist Dr. Paul McGarry ("Dr. McGarry"). During this time, Dr. McGarry was the only area forensic pathologist available to effect autopsies and he performed autopsies in multiple counties in South Mississippi. Dr. McGarry was an independent contractor of Harrison County and Dr. McGarry solely decided where he would be willing to perform autopsies. Because of the respective level of facilities of the area funeral homes, Dr. McGarry would only agree to perform autopsies at either Bradford O'Keefe or Riemann's. After approximately 2007, Dr. McGarry would only perform autopsies at Riemann's in Gulfport, refusing to perform any further autopsies at Bradford O'Keefe, which is white-owned. Dr. McGarry died in January 2015. Since this time the County has not been able to secure the services of another forensic pathologist to perform autopsies and as a result all autopsies are now performed at the Mississippi State Crime Lab in Pearl, MS by the State Medical Director, at a substantial increase in cost to the County.

9. A. The following facts are established by the pleadings, by stipulation, or by admission:
1. Hargrove was elected Harrison County Coroner in 1996 and his current term runs until December 31, 2019.
  2. After Dr. Paul McGarry's death, all autopsies in Harrison County authorized by the Coroner's Office were performed at the State Medical Examiner office in Pearl, Rankin County, MS.
  3. Plaintiffs operate funeral establishments and are licensees.
  4. There are only eight licensed mortuaries in Harrison County, two of which are white-owned and six-of which are black-owned.
  5. Bradford-O'Keefe and Riemann are the two white-owned homes in Harrison County.
  6. Plaintiffs have at all times relevant held the licenses required to provide all of the funeral services in Harrison County.
  7. State law prohibits anyone from disturbing or disposing of a decedent who falls within the Coroner's jurisdiction unless authorized by the Coroner.
  8. Exercising this authority, the Coroner conducts death investigations and determines the cause and manner of death.
  9. The Title VI cause of action can only be properly plead against the County Defendants and Plaintiffs admit this and agree to dismiss this claim against Defendant Gary Hargrove. *See Plaintiffs' Memorandum in Support of Response to Motion for Summary Judgment* at p. 37, Footnote 20 [Doc. 161] citing to *Muthukumar v. Kiel*, 478 F. App'x 156, 159 (5th Cir. 2012) ("Title VI permits suits only against public or private entities receiving funds and not against individuals.").
  10. Plaintiffs agree to dismiss all of their claims arising under Mississippi state law.
  11. In this case, Defendants produced 5,821 Coroner files, which constitute all of the available Coroner files for the time period from 2012 until mid-2016. In that period, there were 10,563 deaths in Harrison County, meaning that the Coroner opened a file in roughly 55% of all deaths.
  12. The parties stipulate to the authenticity of the records from the Mississippi Bureau of Vital Statistics ("MBVS"), including the MBVS records relating to "Deaths Filed in Mississippi by Funeral Home Listed on Death Certificate and Race Deaths Occurring between 2007 – 2016." Plaintiffs maintain their objection to the relevance of these records, but understand that the Court has ruled that these records are relevant. *See Court's Memorandum and Order* [Doc. 307] at p. 5, ¶ D. (denying Plaintiffs' Motion in

*Limine* No. 4 to Exclude Irrelevant Argument and Testimony About Coroner Practices in Other Counties [Doc. 209]).

13. The parties stipulate to the authenticity of the records from Harrison County showing payments to different funeral homes between 1996-2016. Defendants reserve the right to object, on the basis of relevance, to the admission of these records but do not contest their authenticity.
14. Plaintiffs are licensed mortuaries in Harrison County, and have complied with all requirements under Mississippi law and in Harrison County to obtain the licenses necessary to be lawful mortuaries in Harrison County.
15. Harrison County receives federal funding.
16. Coroner Gary Hargrove is the official policymaker of with respect to the Coroner's duties in Harrison County and his actions constitute the official action and policy of Harrison County.
17. Both the Plaintiffs and Defendants were obligated to comply with Mississippi Code Annotated §73-11-58.
18. Coroner Gary Hargrove is a "public officer."
19. Dr. Paul McGarry was a forensic pathologist who performed autopsies for various Mississippi counties, including Harrison County.
20. From January 1, 2012 to January 10, 2015, all autopsies in Harrison County authorized by the Coroner's Office were conducted at Riemann's Family Funeral Homes on Three Rivers Road in Gulfport, Mississippi by Dr. Paul McGarry.
21. Dr. Paul McGarry died on January 10, 2015.

**B. The contested issues of fact are as follows:**

By Plaintiffs:

1. Whether in cases he controls, the Coroner selects a funeral home to conduct a removal, decides where autopsies will take place and where bodies will be stored, and determines what homes will conduct burials and cremations of indigent individuals and individuals whose relatives are not located.
2. Whether the Defendants claims about cooler-access, autopsies, and absence of control are pretext.

3. Whether Defendant Hargrove lied when he claimed he used a rotation system because, in fact, he discriminated against Plaintiffs on account of race.
4. Whether directing removal and funeral home choice, the Coroner exercises uses race as part his decisions, often sending most business to white-owned firms and virtually never sending white bodies to black-owned homes.
5. Whether, typically, once a decedent is taken to a particular funeral home, that home will provide all services to that decedent and their family—*e.g.*, the home that removes a body ends up holding the funeral and performing the burial or cremation.
6. Whether the Board sets the Coroner's budget, approves burial or cremation of indigent individuals and individuals whose kin are not located, and authorizes payment of County funds to funeral businesses, including that 98% of those payments have gone to white-owned firms during the Coroner's tenure.
7. Whether Defendants have never changed their policies governing the Coroner's assignment of mortuary business at any time since Coroner Hargrove was elected to present.
8. Whether Defendants discriminated against the Plaintiffs either by intentionally treating them differently than the white-owned funeral homes or by maintaining policies and practices that have a disparate impact on the black-owned mortuaries in Harrison County; *i.e.* Plaintiffs.
9. Whether, and to what extent, the Defendants' discrimination against Plaintiffs caused them to suffer damages that should be compensated for in this suit.
10. Whether, and to what extent, Defendant Hargrove's discrimination against Plaintiffs warrants punitive damages that are necessary to both punish the Coroner deter the Coroner and other public officials in Harrison County from discriminating against Plaintiffs on account of their race.
11. What form of injunctive or equitable remedy should be imposed to prevent Defendants from discriminating against Plaintiffs going forward.
12. Any factual disputes set forth in any pleadings, Motions or Responses of Plaintiffs which are adopted by reference.

5. Whether the Plaintiffs at all times made due inquiry into the choice of a decedent's family before accepting a decedent's remains?
6. Whether a death falling under the Coroner's jurisdiction only gives him and his office the authority to determine cause or manner of death and not selection of any funeral home?
7. Whether Hargrove had any authority to go against the directive of the only area forensic pathologist capable of performing autopsies?
8. To what extent the Plaintiffs alleged damages were caused by their own advertising expenditures or lack thereof.
9. Whether the racial division in choice of funeral homes is historically present in all Mississippi counties, including Harrison County?
10. Whether Plaintiffs suffered any damages whatsoever and whether Plaintiffs claims of damages are speculative at best?
11. Riemann's and Bradford's both possessed body storage coolers capable of storing 40 or more bodies.

20. As part of standard practice, persons in hospice and/or nursing home care are asked their funeral home preference upon admission and hospice and/or nursing home staff completes a Body Release Form at the time of a death which "require(s) the nurse to contact the funeral home selected by the family/patient to take charge of the patient's remains."

24. A licensed funeral establishment or other licensee of the board shall not embalm or cremate a dead human body without the prior written or oral consent of the next of kin or authorizing agent or representative of the deceased for each body that is placed under its care and custody. Plaintiffs’ Exhibit List:<sup>1</sup>

---

<sup>1</sup> Plaintiffs’ witness and exhibit lists have been limited to reflect rulings of the Court made before trial, including those related to *Daubert* and Plaintiffs’ statistics expert Dr. Richard Campbell, Plaintiffs motion to reconsider that ruling, and other motions *in limine* previously ruled upon by the Court. Because of those prior rulings, the witnesses and documents are not listed in this pretrial order. By offering exhibits and witnesses narrowed to conform to those rulings, Plaintiff do not waive any objection—at trial, after the close of evidence, after a verdict, or on appeal—to any of these prior rulings. At the Court’s direction, Plaintiffs have also narrowed their exhibit list to those documents Plaintiffs reasonably intend to, or might foresee, introducing at trial. Plaintiffs reserve the right to use a witness or party’s deposition transcript and its exhibits for impeachment, to refresh recollection, or for other permissible purposes, though they are no longer listed here.

Plaintiffs' Objections to Defendants' Exhibit List:

b. To be Offered by the Defendants:

Exhibit No.	Sub-Exhibit No.	Description	Objection
D-1		Exemplar Coroner Files  [Bates No. HCCO-8138 thru 99659]	Some of these files are irrelevant, since they do not involve categories of cases being introduced in this suit, R. 401, 402., in light of the rulings of the Court. For that reason, they also confuse the issues and are likely to result in substantial unfair Prejudice to Plaintiffs. <i>See</i> R. 403. Certain files also amount to other acts and propensity evidence, which should be excluded. R. 404.
D-2		Coroner Files for Indigent/Pauper's Burials  [Bates No. HCCO-8138 thru 99659]	Plaintiffs Object to this Exhibit on grounds of Relevance, R. 401, on the basis that Defendants have refused to identify the source for their documents, many of which were not disclosed in discovery. Plaintiffs further object to the "summary" purportedly offered with this exhibit, as non compliant with Rule 1006, Rule 611, as lacking an adequate foundation, R. 901, and on the further possible basis that it may contain hearsay. Defendants have been asked repeatedly to identify the sources for

			non-batestamped files in this exhibit that were not produced in discovery and to clarify their intention with respect to the “summary” produced as well. They have refused.
